FLIGHT and AIRCRAFT ENGINEER

INDEX TO VOL. XLVI

JULY TO DECEMBER, 1944

A

A.E.A.F. promotions, 352
A.R.P. units of Luftwaffe praised by Germany, 314
Aachen, Capture of, 437
—— refuses to surrender, 413
Abyssinia, Cessna presented to Emperor of, 306
Accidents, U.S. research into causes of light plane, 375
Aerial acrobatics to be prohibited in America, 198
Aeromodelling competition, Details of, 280
Aeronautics, Establishment of College of, 434, 443, 515
—— Full article showing design of suggested building for College of, 530
Africa, Regular internal air service in South, 466
African endeavour to link Suez Canal with other airports, 61
—— patrol, Col. D. Stirling greeting return of (illus.), 253
Air ambulances reduce casualties in Europe, 112
—— Appointment of new Under-Secretary for, 571
—— cadets film for New Zealand, 587
—— chiefs on the Continent, Group of Allied, 567
—— Component and Advanced Air Striking Force, Letter regarding (" Pater "), 50
—— crew abundance, 4
—— crew superfluity (Outlook), 82
—— Defence of Great Britain (A month of activity summarised), 140
—— Defence of Great Britain title dropped, 439
—— defence of the Colonies, Pamphlet on the, 269
—— Fare disagreement at Chicago conference, 495
Air Force Cross Award, First Indian Air Force, 390
Air Force Cross Awards, 326, 353, 459, 568
Air Force Medal, 163, 326, 568
—— League appoints J. A. Rank as treasurer, 86
—— League of British Empire abolish office of Executive Controller, 576
—— League " Pennies for Planes " appeal, 214
—— liners prophesised, Jet-propelled, 604
—— mail service in India, 280
—— mail service to Switzerland stopped, 252, 577
Air Medal awards (U.S.A.), 409
—— Ministry, Sir H. Tizard suggests aeronautical research to be taken from the, 420
—— power in Battle of France, Air Chief Marshal Sir T. Leigh Mallory on, 446
—— power for shipping companies, 479
—— raid detachments as part of Luftwaffe, 45
—— raid shelters of Germany, 181
—— Registration Board lunch to Dominions Governments, Speech at, 529
—— Registration Board Notices, 502
—— route facilities, Royal Aeronautical Society debate on, 590
—— Sea rescue during Holland invasion, Details of, 372
—— Sea Rescue Unit, *Flight* spends a day with an, 61
—— service project of Scottish Aviation, 477
—— Shipping Conference, Letter giving members of the (R. Braden), 537
—— Superiority of the Allies admitted by Germans, 126
—— Support (Outlook), 165
—— Support for the Invasion, A.C.M. Sir T. Leigh-Mallory talks to war correspondents on, 169
—— support on D-day, Germans without, 433
—— supremacy in France (Outlook), 191
—— Terminal, 175
—— Torpedo, Article and illustrations on the Battle against the, 42; Letter suggesting different name (E. N. Bray), 132
—— Training Corps and Hospital Saturday Fund arrange concert, 93
—— Training Corps cadet gets B.E.M., 495
—— Training Corps cadets as air stewards, 659
—— Training Corps cadets build glider, 184
—— Training Corps cadets boarding Halifax, 273
—— Training Corps cadets enlisted in the R.A.A.F., Number of, 295
—— Training Corps Commandant, New London, 428
—— Training Corps exhibition at Bristol, 633
—— Training Corps, Letter suggesting plan for post-war (" Flying Citizen "), 160; (W. Stuart Masters), 214
—— Training Corps new appointments, 577
—— Training Corps recruits, Number of new, 605
Air Training Corps sports board, 198
—— Transport Association of America conference, 658
—— Transport Association of America invites British operators to conference, 616
—— Transport Auxiliary Benevolent Fund, 212, 493
—— Transport Auxiliary casualties, 80, 108, 190, 218, 246, 432, 514, 598, 626
—— Transport Auxiliary fifth anniversary, 316
—— Transport Command, Various routes covered by, 306
—— transport, " Indicator " on post-war, 638b
—— transport problems examined by Dr. E. P. Warner, 126
—— travel cost before and during war, Outlook on, 654
—— travel not possible for some years in America, Cheap, 577
Airborne Army (Outlook), 106; Further comment, 168
—— Army under one command, 183
—— forces, Lt.-Gen. Browning on the use of, 480
—— German troops in France, 154
—— landings in Holland, 305
—— Operation " (Article and photographs after flight to Arnhem), 336
—— troops, Outlook on the use of, 330
Aircraft with Army, Gen. Montgomery praises co-operation of, 219
—— -carrier crews being briefed (illus.), 58
—— Carriers importance in the Pacific, 139
—— Carriers in Northern Waters (three photographs), 100
—— on deck of British carrier (illus.), 675
—— disappears on way to Moldavia with medical supplies, 559
—— engine silencer sold to Germany, 287
—— engineering training, Letter regarding (O. Clayton), 76; (F. Ashley), 132; (F. J. P.), 322; (F. Ashby), 455; (E. J. Bottomley), 621
—— engineers licences notices, 344
—— engines for civil types, Article by Sqn. Ldr. Potts on, 157
—— engines, R.Ae.S. discussions on civil, 557
Aircraft in Flying Attitudes:
DO 26K, SI 204, 21
Norseman, Reliant, Dominie, DH86B, 46, 47
BV 222, Gosling, Do 24, Boeing 314A, 96, 97
Caravan, Whitley, Ju 52/3M, GO 244, 66a and 66b
Henley, Kansas, Martinet, Defiant II, 124, 125
Vanguard, Blenheim IV, Mitsubishi OB-97, Bermuda, 152, 153
Yak-9, Wildcat, 185,
JU 188, C 202, 213
Black Widow, Lockheed Lightning and Focke Wulf Fw.189, 235
Fieseler Storch, Fairchild Argus, Stinson Reliant, 263
Superfortress, 293
Dornier Do 217, 324
Waco CG-13 and CG-4, 350
Hamilcar, Horsa, 379
Kingcobra, 404
Sea Otter, Walrus, 426
Valiant, Harvard, 452
" Tony " and Macchi C.202, 476
" Emily " and Sunderland, 508
" Jake " and Arado Ar 196, 563
Tempest and Typhoon, 592
" Helen " and Sally III," 643
" Betty " and Wellington, 613
" Tojo " and " Vall 22," 674
" Dinah II " and " Oscar I," 702
—— force-landed in Sweden, 33
—— ground crews standing on Liberator wing (illus.), 492
—— heating, Article on the " Janitrol " system of, 319
—— in Italy, Maintenance depot of, 683
—— in 1944, Review of various new, 693
—— " Indicator " on post-war civil, 418, 453
—— Letter on to-morrow's light (J. S. Pole), 509, 675
—— Letter regarding " Indicator's " article on post-war civil (Realist), 620
—— Letter regarding post-war private (J. M. Downton), 455
—— of Transport Command, Record flight by, 438
—— output since 1940, Full record of British, 608
—— sales centres in America, 398
Aircraft to be returned to commercial airlines, Military 281
—— wiring, New system of, 477
Airfield kitchen dugout on Continent (illus.), 684
—— Roads and Runways, Article and illustrations showing Summerfield track in use, 101, 102
Airfields difficult to capture, 29
—— in France visited by Allied bombers (Outlook), 138
Airgraphs from India, Number of, 576
Airline operation, " Indicator " on future, 606
—— operation under one control, A suggestion by Pan-American Airways, 6
—— rivalry in America, 391
Airman takes bicycle on raid, 554
Airport at Barrow, Suggested, 280
—— equipment purchased from catalogue, 646
Airports, Eagerness to establish, 175
—— Municipalities apply for sites for, 416
Airscrew pitch and wind direction, Letter regarding (R. H. Gardener), 270
Airscrews, Article by C. B. Bailey Watson on modern, 472, 505, 534, 560
—— Article by L. G. Fairhurst on contra-rotating, 423
Airships, Article by Lord Ventry on U.S. naval, 266
Airspeed Horsas on Normandy field (illus.), 87
Airstrips for small Canadian towns, 701
Airwomen for the Continent, 6
Albanian palace destroyed by Allied bombing, 547
Albert Medal, 77
Aldis lamp used by Air/Sea Rescue (illus.), 168
Alexander's success in Italy, 5
Algiers footballers presented to Air Vice-Marshal J. H. D'Albiac (illus.), 25
Allen, Brian, Death of, 502
Allied air chiefs on the Continent, Group of, 567
—— airmen helped by civilians, 98
—— bombers now able to bomb accurately in bad weather, 601
—— Expeditionary Air Force High Command appointments, 77, 132, 161, 197
—— raids, Details given by Belgian patriots of the, 228
Allies meeting to discuss future peace, 247
Allison Engines to produce jet-propelled units, 520
—— 24 cylinder engine (illus.), 699
Alvis, Ltd., staff changes, 604
Ambulance Anson being autographed by Lord Sherwood (illus.), 26
America and Canada, Air service between, 616
—— and Spain, Proposed air services between, 616
—— Airline rivalry in, 391
—— builds flying bomb, 577
—— exhibits flying bomb which fell in England, 633
—— -France air freight figures, 438
—— obtaining use of foreign airfields, 556
—— orders 1,000 B.29s, 577
—— planning huge rocket production, 632
—— Post-war plans for helicopter and air line routes in, 482
—— ready to transfer forces to Pacific, 416
—— supplied with aircraft and gliders for D-day, 667
—— to hold international civil aviation conference, 335
American Air Force appointments, 306
—— Air Force, Number of tons of bombs dropped by the, 602
—— air routes, Post-war, 335
—— air traffic record, 253
—— aircraft, Few bad faults in, 571
—— aircraft industry well started by British orders at beginning of war, 335
—— aircraft sorties during November, Number of, 633
—— aircraft war output, 577
—— " Aircraft Year Book " published, 32
—— airliners for Australian National Airways, 307
—— Army glider XCG-16 (illus.), 628
—— band at Albert Hall, 686
—— bomb sights not manufactured in this country, 659
—— bomber crews, Norwich memorial to, 417
—— bomber loads and results, Outlook comparing British and, 653
—— bombs dropped in all theatres since Pearl Harbour, 281

LOCKED ENGINEERING LIBRARY

American bombs falling on railway near Mandalay, 464
—— British air service proposed, 402
—— carrier on its way to Philippines (illus.), 631
—— carrier *Yorktown*, 552
—— civil planes made lighter by use of new material, 280
—— construction programme for Pacific war, 306
—— expectations of future air traffic, 615
—— lend/lease aircraft for Russia, 146
—— Letter (Random impressions of things of interest to British readers), 482
—— Liberator squadron record performance without casualty, 417
—— light plane sales centres, 398
—— naval airships, Article by Lord Ventry on, 266
—— patrol airship landing on carrier (illus.), 623
—— pilot's ejaculation on rescue, 417
—— post-war civil aviation plans, 329
—— post-war civil flying training, Plans for, 662
—— prisoners deny knowledge of flying bomb, 633
—— prophesy that B.O.A.C. will cease to operate after war, 467
—— refinery, New, 286
—— -Scandinavian service planned, 495
—— successes against Japs to date, 435
—— surplus aircraft, 687
—— technical mission to Britain, 494
—— technical mission visits British factories, 614
—— Transport Command, Number of aircraft arriving in United Kingdom of, 577
—— wind tunnel for flying bomb, 605
—— women pilots to be released, 391
America's new airports, 605
Anti-invasion manœuvres, German, 422
—— -tank bomb used by Luftwaffe, 16
Antwerp, Fall of, 278
Arctic air route, Article and pictures on the, 288
—— Patrol, Article by J. Yoxall on the, 582
Armstrong-Whitworth Ensign over the Nile, 520
Army Air Corps appointments, 622
—— Air Corps awards, 512
—— awards, 568, 596, 707
Arnhem, Airborne landings at, 305, 331
—— Withdrawal of airborne survivors from, 357, 359
Aslib conference, Opening date of, 577
Assisted take-off, America's name for, 659
—— take-off photographs, Rocket, 348, 414
Association of British Aircraft operators, Names of members of the, 701
—— of Special Libraries and Information Bureaux Conference, Opening date of, 577
Atcherley, Air Comdre. D. F. W., decorated by H.M. the King (illus.), 133
Athens and Thebes, Liberation of, 437
—— Civil War follows liberation of, 630
—— E.L.A.S. forces attack R.A.F. headquarters in, 684
—— R.A.F. help in, 655, 684
Atlantic record flight by Liberators, 632
Atmosphere, Letter requiring definition of (S. A. Mathews), 427
Australia-India non-stop air service, 175
—— to India service maintained through war, 646
—— purchasing American civil aircraft, 363
Australian air letter service, Reintroduction of the, 334
—— aircraft production plans, 605
—— bases for American airlines, 33
—— National Airways order Douglas air-liners, 307
—— -New Zealand conference on civil aviation, 439
—— post-war avaition plans, 616
—— ships in action in Pacific, 465
—— station, Last passing out parade on an, 417
Australia's inland flying boat base (article and photographs), 396a
Auxiliaries for Luftwaffe and Navy, 154
Avery coupling (illus.), 68
Aviation Conference, Agenda of meeting of Chicago Civil, 528
—— conference, Names of delegates at civil, 477
—— conference, Outlook on Chicago Civil, 461
—— conference, Outlook on the result of the Chicago Civil, 572
—— Extravagant over-estimate of post-war needs in, 349
—— Letter regarding disappointment at R.Ae.S. discussions on civil, 565
—— Letter regarding post-war civil (J. H. Stevenson), 593
—— Parliamentary debate on post-war civil, 411, 425, 433
—— Royal Aeronautical Society's all-day debate on civil, 504
Avro Anson on Bengal airfield, 460
—— Anson, Short article and pictures of the civil type, 503
—— Anson used by A.T.A. for invasion, 413
—— biplane, Letter on 1910 flip in (A. D. McKechnie), 509
—— Lancaster "Aries" goes on world tour, 658
—— Lancaster dropping bombs on flying bomb site (illus.), 195
—— Lancaster over target at Heinsburg, 574
—— Lancaster returned from raid minus both ailerons, 251
—— Lancaster takes off on 100th operational trip (illus.), 679
—— Lancaster veteran gets bar to D.F.C., 577
—— Lancaster veteran of 90 ops. (picture of crew), 513
—— Lancaster with Merlin 28 engines (illus.), 622
—— Lancaster's 114 operationals, 146; Record beaten by "N for Nan," 197
—— Lancaster's record flight from Nassau to Montreal, 362
—— Lancasters built in Canada, Order for, 372
—— Lancasters flying above clouds (illus.), 215
Avro post-war types may be jet-propelled, 32
—— York built in Canada, First, 687
—— York Civil aircraft, Article, photographs, g.a., and M. A. Millar drawing, 176 *et seq.*
—— York's record flight from London to Cairo, 667
—— York's record flight to India and back, 390

B

B.M.W.802 engine mounting on a Do. 217E (illus.), 92
Bader, E., Luftwaffe ace, shot down, 181
Bailey Bridge carrying a Beaufighter (illus.), 5
——Watson, C.B., Article on modern airscrews by, 472, 505, 534, 560
Balanced forces, Letter regarding (L. Shelford Bidwell), 427
Baldwin, Air Chief Marshal Sir J. (illus.), 624
Balfour, Capt. H. H. arrives in Ottawa, 197
—— Capt. H. H. on post-war civil aviation, 329
—— Capt. H. H. retires as Under-Secretary for Air, 571
Balkan Air Force formed, 194
Ball-bearing shortage in Germany, 45
Balloon barrage, Number of flying bombs destroyed by, 279
—— on a German minesweeper (illus.), 84
Balloons, Letter regarding future use of observation (Ensing), 537
Baltic German armies difficult to evacuate (Outlook), 56
Bananas, Humorous story regarding purchase of, 467
—— on the Arakan front (illus.), 5
Bangkok and Rangoon bombed, 657
Bank Angle query, Letter from ("Bankrupt"), 50: ("Zerox"), 104; (E. Aubrey), 104
Barrage from semi-automatic guns (illus.), 140
Barrow, Airport proposed for, 280
Barton, P/O. Cyril, V.C., 10
Bathurst Airport, Comment by Mrs. Tate, M.P., 7
Battle of Britain lunch by Capt. G. E. T. Eyston, 252
—— of Britain Sunday, 280
—— plans, Allied, 627
Battleship, Outlook on the future of the, 544
Baveystock, Flt.-Lt. L. H. (illus.), 353
Beach squadron aims at comfort (illus.), 60
Beaverbrook, Lord, flown from New York in record time, 198
—— Lord, on post-war civil aviation, 411
—— Reported airlines plan of, 87
Beddows, J. D., New appointment of, 252
Beer carried in long-range tanks (illus.), 107
—— tankards presented to Air/Sea Rescue Service squadron, 147
Behind the Lines, 16, 45, 70, 98, 126, 154, 181, 205, 228, 265, 287, 314, 343, 396, 422, 447, 478, 499, 525, 559, 588
Belgian air service to Congo, 306
—— ground crews to be trained by R.A.F., 520
Bell Airacobra armament, 6
—— Airacobra engine mounting (drawing), 121
—— Aircomet (illus.), 695
—— Aircomet, First pictures of the, 386
—— helicopter after indoor flight, 307
—— Helicopters, Article with illustrations, 116
—— jet-propelled aircraft, Article, illustrations and silhouettes, 116
—— Kingcobra, Brief details, 175
—— Kingcobra, Photograph and g.a. of the, 252
—— P-63 (Kingcobra) being sent to Russia, 391
Bendix "Family" helicopter, Proposed post-war, 633
Bennett, Air Vice-Marshal, denies story of his resignation, 686
Berlin bombed by Mosquitoes, 58
—— raid warning system, 70
—— Swedish traveller tells views of people in, 265
Bermuda and Canada, Proposed air service between, 646
Berry, Sqn. Ldr. J. (illus.), 309
Bewsher, Mr. P. with G. Woods-Humphrey and H. Scott-Paine, 548
Bicycle taken by airman on raid, 554
Bird in cage, Letter on airborne weight of (J. Peel) 647
Bishop, Air Marshal W. A., Reported Retirement of, 420
Blackburn, R., in cockpit of his first monoplane, 462
—— R., Report of first flight by, 471
—— Letter regarding identity of correspondent (N. Biles), 22
—— scholarship, Details of the, 262
—— Shark, Skua (illus.), 500 *et seq.*
Blackout regulations, Relaxing of the, 275
Blackpool airport, Article on proposed, 318
—— Airport scheme unpopular, 198
—— offers airport, 60
—— proposed airport, Various objections to, 466
Boat beaching, Simple flying, 507
Boeing's 10,000th B.17, 467
Boeing B17 dropping lifeboat by parachute, 649
—— B.29, Boeing reported building cargo versions of the, 466
—— B.29 dropping bombs on Formosa and being bombed up (illus.), 687
—— B.29's, America orders 1,000, 577
—— B.29 Superfortress, Article and photographs, 19, 143
—— B.29 Superfortress attack Japan from India, 390
—— B.29 Superfortress, Close-up of bomb bays of the, 409
—— B.29 Superfortress in flight (illus.), 166
—— B.29 Superfortress, Germany studying, 287
—— B.29 Superfortress, Inside nose of, 362
—— B.29 Superfortress pressure cabin, 146, 252
—— B.29 Superfortress rear turret close-up, 390
—— B.29 Superfortress seen through following Fortress, 603
——B.29 Superfortress tail fins, Line of, 225
——B.40 "flak-cruiser," 174
Boeing Fortress falling in flames (illus.), 657
—— Fortress lent to Sweden, Interior view of, 421
—— Fortress returns to base with prop on wing (illus.), 335
—— Fortresses converted into airliners in Sweden, 281
—— Fortress's Cyclone engine built in 11 months, Number of, 658
—— Stratocruiser drawing, 615
—— 377 Strato-cruiser undergoes test flights, 549
Bomb blast, Letter regarding (M. Smith), 242, 378
—— Close-up of rocket-driven, 251
—— Future of the flying, 467
—— hits on battleships, Outlook on varied results after, 489
—— from Japanese aircraft misses carrier (illus.), 113
—— Large captured German incendiary, 363
—— Loading 12,000 lb., 459
—— sight, Details of R.A.F. secret, 614
—— sight instruction at A.T.C. class, 431
—— sight for R.A.F., New, 32
—— sights not manufactured in Britain, American, 659
Bomber and Coastal Command Captains' armlet, 381
—— Command's fund for French children, 401, 521
Bombers of R.A.F. shoot down German fighters, 114
—— Short Article on the R.A.F. master, 619
Bombs being taken to load Barracudas, 327
—— bursting over Liberators, Japanese, 436
—— falling in row from a Marauder (illus.), 83
—— falling on Japanese plane, Fragmentation, 436
—— for Typhoons (illus.), 169
—— of 1,000lb. weight in rows at an ammunition dump (illus.), 135
—— stuck in Typhoon's racks, 90
—— used on Munich, 12,000 lb. blast, 602
Book Reviews:—
